School Accountability Report Card Reported Using Data from the 2018—19 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Independence High School embodies an innovative learning approach where students receive intensive and individualized support and personalized guidance that builds confidence and determination as students connect to their education and learn in more meaningful ways. Respect and tolerance are guiding principles that create a culture of inclusion built on the belief that all students are valuable learners who can experience success as they become college and/or career ready. Exploration, creativity, and real-world application guides the learning process as students become thoughtful members of society that value life, learning and ultimately their own independence.

Independence High School, est. 1970, provides an alternative education for students from the district's comprehensive high schools and the surrounding community. Independence High School traditionally has an enrollment (for grades 10-12) of 80-110 students, fluctuating throughout the year depending on student need.

Independence High School is committed to providing outstanding preparation for students to meet graduation requirements and experience success in the world of work or higher education. The staff of Independence High School believes that a viable, vital and distinctly different standards-based alternative education should be provided to students who have experienced limited success or satisfaction at other educational venues.

Independence received a maximum six-year WASC accreditation in the spring of 2018, after having completed a fully comprehensive Self-Study. In 2014 Independence was recognized as a California Distinguished Continuation High School Program.

Independence High School's geographic location provides the opportunity to serve a wide range of student populations. At the western end of the county, Independence High School serves the suburban areas, El Dorado Hills and Cameron Park, and at the other end, rural communities such as Pollock Pines and Grizzly Flats. Students have access to the District's Alternative Education transportation bus routes, that cover the greater part of the El Dorado Union High School District boundaries. This direct transportation serve ensures that all students can benefit from the entire school day and its enriched program, which supports students in the quality of their learning, credit recovery efforts, and ultimately their graduation goals. The diversity of the school community further enhances the learning experience for students.

School Description and Mission Statement (School Year 2019—20)

The school believes that learning is a lifelong process and can be inherently satisfying. Furthermore, students learn in a variety of ways, at different paces and need flexibility to be successful. The desired outcome is that students develop positive skills and habits that will enhance their ability to be successful after high school. By design, Independence High School is a place of warmth, acceptance, authenticity, and healing. Student/staff relationships are of paramount importance. Diversity is honored. Honesty, trust and personal value are promoted. True growth occurs only when individuals feel safe enough, genuinely cared about and appreciated enough to settle into their own beings and identities. The staff maintains a firm commitment to recognizing and appreciating the inherent value and worth of each individual student. Humor, irony, eccentricity, dedication to change and growth, and pursuit of challenge - all are factors that make Independence High School the very special setting it is. The school code of conduct is centered on the student-oriented mission statement: Show up, Be Cool, Take Care of Business! (attendance), (behavior), (academic progression).

School Facility Conditions and Planned Improvements

Independence High School makes great efforts to ensure a clean, safe and fully functional campus that supports the educational process for every student, every day. Routine checks of the campus take place by a Monthly Property Checklist, School Insurance Authority Team and the local Fire Department. The Sherpa Desk (web-based work order system) is used by all staff to ensure that all facility concerns and need repairs are addressed in an efficient, timely manner. The campus is supervised by one administrator, one counselor, two campus monitors, one School Resource Officer, a part time probation officer, a 24 hour on-campus security watchman and all outside areas are fully monitored by a state-of-the-art full color video surveillance system.

Independence High School was recently better protected by the installation of high quality perimeter wrought-iron fencing that thwarts visitors from disrupting instruction and promotes the school's visitor check-in policy by guiding all visitors through the administration building, where notices are posted and school staff is present, reminding visitors of their obligation to check in before proceeding onto campus.

In the spring of 2019, a new irrigation system was added to the athletic field and a new cement pad was poured to provide an outdoor area for ceremonies such as graduation. Further, this locked fencing discourages facility vandalism and property theft outside of school hours by consistently preventing the public from accessing the interior of the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven
Percentage of Students Meeting or Exceeding the State Standard**

Subject	School 2017–18	School 2018–19	District 2017–18	District 2018–19	State 2017–18	State 2018–19
English Language Arts / Literacy (grades 3-8 and 11)	18.0%	4.0%	68.0%	69.0%	50.0%	50.0%
Mathematics (grades 3-8 and 11)	2.0%	2.0%	53.0%	55.0%	38.0%	39.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2019—20)

Students are more successful in school when parents are involved in their child's education. Independence is continually seeking ways to involve parents in the support of their child's education. Increasing the school's capacity for strong parent involvement and connecting parents to pathways of involvement in their children's education are goals of Independence and include:

Independence High School hosts a twice yearly Parents on Campus Day, where families will meet with administration, superintendent and will then follow their student's class schedule to see a day in the life of their student at Independence High School

School Site Council - School Site Council meets quarterly to review the schools' programs and to evaluate the effectiveness of the Single Plan for Student Achievement. School Site Council members are elected from interested parents and staff. Voting takes place early in the year at "Parents on Campus Day". The Independence High School Site Council is an active group of parents who meet on a regular basis to oversee the Single Plan for Student Achievement. Their activities include the following:

- Designing and implementation of the plan
- Reviewing and analyzing multiple data points
- Reviewing achievement of school goals
- Making recommendations for improving student achievement
- Determining if the dollars spent impact student achievement
- Reviewing categorical budgets and appropriation
- Approving the Single Plan for Student Achievement
- Discussing relevant issues and needs impacting the school community

Student Enrollment Meeting - Targeted outcomes of these meetings include:

- Helping parents understand the state academic content standards state assessments, and graduation requirements.
- Providing materials and training to help parents work together with their child to improve overall academic achievement.
- Planning for the future: Post-secondary options and financial aid.
- Providing Resources and information available through County Mental Health and the Health Department, as well as other local agencies. New Morning hosts a series of parental support meetings on campus, including Parent Project and Foster Youth Launch.
- Involving and informing parents of our school's participation in Title I programs and their options for targeted student support and achievement and extracurricular engagement.

Information is sent home each year in the "Annual Notification and Student Handbook" to all families regarding important notifications, access to food services and transportation, and other available services. In addition to the above, Independence High School faculty and staff have frequent contact with parents and guardians regarding the academic progress and overall well-being of students. The school has a user-friendly website that provides students, parents, and community up-to-date school information at their fingertips. Teachers and staff use Aeries gradebook functions to email parents relevant grades updates on students, and also use the USPS to mail students feedback postcards and other mailers out to families. These are either important updates in which student progress concerns are communicated, or student praises that simply recognize the impact positive feedback can have on a student in building encouragement and learning momentum while strengthening family bonds. A monthly newsletter from the parent, High School Years, is sent out to parents and posted on the school's website. The newsletter features helpful information on how to best support teens in their high school education, while also providing encouragement and tips on how to successfully navigate the challenges that arise when raising teenagers. Parent Square, is the school's automated calling and emailing system, is also utilized to make important announcements and share relevant information, including notifying parents of special events and involvement opportunities, attendance issues and school emergencies.

Independence High School and the local community work well together. The school hosts family-oriented events to celebrate student success throughout the year, including award assemblies, BBQs and breakfasts. Because the parents and families of IHS students are dispersed over a large geographical area, the school has become the common thread that brings the community together.

School Safety Plan (School Year 2019—20)

The Independence High School campus has one full time administrator, one counselor, two campus monitors, a full time School Resource Officer from the El Dorado County Sheriff's department and a part-time on-site probation officer. The campus is located on the same property as the district office and is less than one mile from the local fire station. All staff have been trained in school safety issues including Crisis Prevention and Intervention, Non-Violent Communication, and First Aid and CPR and Stop the Bleed training. Crisis counseling is available on a daily basis, as well as New Morning individual and group counseling offered twice a week and Sierra Family and Child Services supporting our students with Individual Education Plans.

The Independence High School Safety Action Plan and Emergency Operations Plan is reviewed in detail annually as a staff. Staff, students, stakeholders, and the general public can review the plan by contacting the school office. Probation and Sheriff agencies join county school administrators, including the site administrator of Independence High School, in bi-monthly community meetings that allow all stakeholders to stay briefed on School Emergency Response best practices and other school-safety related information. The site administrator reports back and shares relevant information with all staff throughout the year at staff meeting and through email communications.

District administrators meet as a group at least twice a year at the district office to ensure that all safety administrative regulations and board policies are being met, as well as any questions and concerns are addressed in a timely manner. All classrooms and labs on the Independence High School campus have safety binders equipped with maps, rosters, signs, emergency provisions, and detailed directors to facilitate success of emergency response efforts. The school participates in annual fire and lock-down drills to stay familiar with response situations and expectations and develop ways to further improve. All efforts to ensure building safety, cleanliness, and adequacy have been successful. The school is monitored by a state-of-the-art 24-hour video surveillance system. The site administrator, counselor, and director have access to this campus surveillance system to support the diminishment of obstacles and interruptions in the educational process, as well as address safety concerns as they arise. The school is enclosed in high-quality wrought iron security fencing, ensuring that outside intruders cannot gain easy access to the interior of the campus, while also enforcing the school's policy that all visitors must check in through the office.
