El Dorado Union High School District,

I have been or will be out to each of your school sites to share information on Measure A so you are aware of the impact. I'll be meeting with staff as well as community evening events at each site to inform everyone of what we can accomplish if this measure passes.

Through polling, we realize that the more people are educated about Measure A the more they are likely to understand the positive impact it will have on our students and schools. Getting the information out is key.

Many people have asked how they can be involved. The Faculty Association can reach out to Stephanie Davis and CSEA can reach out to Jason King and Teri Lillywhite. There is a very detailed plan they can inform you about. We cannot use district resources and email addresses to advocate for the measure.

This is a once or twice in a decade opportunity to take advantage of and get State Matching Funds to bring home to El Dorado County. There is a huge opportunity here for our students, but it takes educating our families and community members.

I look forward to seeing you all very soon and again, thank you for the outstanding work you do for our students each and every day.

Sincerely,

*Ron Carruth, Ed.D.*
