

District Newsletter

from Superintendent Ron Carruth, Ed.D.

November 2019 | EL DORADO UNION HIGH SCHOOL DISTRICT (EDUHSD)

Dear EDUHSD Community,

It is hard to believe the 2019-20 school year is fast approaching the halfway point. Students will soon take first semester final exams and we will all be able to take a well-deserved collective breath during winter break.

The new PG&E Power Shutdowns are certainly a challenge. In the District's Measure A School Bond on the March 3, 2020 ballot, backup generators and battery backup for our solar would end our reliance on PG&E.

The fall semester was again filled full of wonderful activities and the spring semester holds many tried and true traditions as well as some new and exciting changes. Some of the fall activities included homecomings, fall sports, theatrical productions and many other opportunities to show school spirit, including rallies, assemblies and lunchtime activities. Our students and staff fully engaged in the high school experience and consistently demonstrated a spirit of inclusion and respect. I appreciate all of the time and efforts it takes to make these events possible for our students.

The District Course Directory is currently being updated in anticipation of the registration process set to begin in mid to late January. Counselors will be in contact with students, and copies of course request forms will be sent out in late January into February. Please take the time to review the course request form with your students to

ensure they line up with your student's post-high school plans. If you have questions, please contact the counseling office at your student's school.

I am looking forward to the spring semester; it promises to be filled with both tried and true traditions as well as some new innovations. Tried and true traditions include a wide array of school activities. Please encourage your student to get involved in at least one of these opportunities. These activities enrich the high school experience and provide opportunities for students to get to know new people.

In closing, I wish each of you a wonderful holiday season filled with family, friends and great joy. I always take a moment at this time of year to reflect on the many blessings in my life. I am thankful for a supportive and loving family and for working in a District filled with wonderful people who consistently have the best interest of students at heart. It is a true pleasure to support the students, staff and community that make up the El Dorado Union High School District.

Enjoy your Thanksgiving and I wish you continued blessings as we go into the holiday season.

Sincerely,

Ron Carruth, Ed.D.

Superintendent

El Dorado Union High School District
