FOR IMMEDIATE RELEASE

November 15, 2019 | El Dorado County, CA

High School District Offers Limited Open Enrollment at El Dorado and Union Mine High Schools for 2020-21 for Incoming 9th Graders

The El Dorado Union High School District is pleased to announce that Limited Open Enrollment at El Dorado and Union Mine High Schools for the 2020-21 school year will be offered to incoming 9th grade students who reside within the El Dorado Union High School District attendance boundaries. The enrollment projection for the school's permanent capacity will allow for 35 transfers.

Applicants may obtain the Limited Open Enrollment Request form and Instructions at the front office at each high school within the District, online at www.eduhsd.net, or at the District Office located at 4675 Missouri Flat Road, Placerville.

The District will consider only those request forms submitted during the **Limited Open Enrollment Period (November 18 through December 20, 2019), no later than 4:00 p.m.** The District will perform a computer-generated random selection from all of the valid requests received by the enrollment deadline. A list will be developed based on this randomized numerical ranking and the first 35 requests for El Dorado High School and the first 35 requests for Union Mine High School will be offered enrollment at their requested site. If one of the initial 35 requests should decline the offer of enrollment, then the next request on the ranked list will be offered enrollment.

Applicants should thoroughly read the *Instructions for Limited Open Enrollment* for additional information regarding submission of forms, district policy regarding siblings, sports eligibility, and parent/guardian responsibility for transportation to and from school.

Parents/guardians who have questions regarding the Limited Open Enrollment process may contact the District's Student Services and Innovations Office at (530) 622-5081, extension 7229 or 7224.
