2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Independence High School, est. 1970, provides an alternative education for students from the district's comprehensive high schools and the surrounding community. Independence High School traditionally has an enrollment (for grades 11-12) of 80-110 students, fluctuating throughout the year depending on student need.

Independence High School is committed to providing outstanding preparation for students to meet graduation requirements and experience success in the world of work or higher education. Respect and tolerance are guiding principles that create a culture of inclusion built on the belief that all students are valuable learners who can experience success as they become college and/or career ready. The staff of Independence High School believes that a viable, vital and distinctly different standards-based alternative education should be provided to students who have experienced limited success or satisfaction at other educational venues. Exploration, creativity, and real-world application guides the learning process as students become thoughtful members of society that value life, learning and ultimately their own independence.

Independence High School received a maximum six-year WASC accreditation in the spring of 2018, after having completed a fully comprehensive self-study.

Independence High School's geographic location provides the opportunity to serve a wide range of student populations. At the western end of the county, Independence High School serves the suburban areas, El Dorado Hills and Cameron Park, and at the other end, rural communities such as Pollock Pines and Grizzly Flats. Students have access to the District's Alternative Education transportation bus routes that cover the greater part of the El Dorado Union High School District boundaries. This direct transportation service ensures that all students can benefit from the entire school day and its enriched program, which supports students in the quality of their learning, credit recovery efforts, and ultimately their graduation goals. The diversity of the school community further enhances the learning experience for students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20

Total Teaching Positions	7

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Independence High School makes great efforts to ensure a clean, safe and fully functional campus that supports the educational process for every student, every day. IHS takes pride in maintaining a safe and clean campus fit for high quality learning. The district Maintenance and Operations team provided outstanding service in response to site safety and cleanliness needs.

Routine checks of the campus take place by a Monthly Property Checklist, School Insurance Authority Team and the local Fire Department. The Sherpa Desk (web-based work order system) is used by all staff to ensure that all facility concerns and need repairs are addressed in an efficient, timely manner. The campus is supervised by one administrator, one counselor, two campus monitors, one School Resource Officer, a part time probation officer, a 24 hour on-campus security watchman and all outside areas are fully monitored by a state-of-the-art full color video surveillance system. Independence High School was recently better protected by the installation of high quality perimeter wrought-iron fencing that thwarts visitors from disrupting instruction and promotes the school's visitor check-in policy by guiding all visitors through the administration building, where notices are posted and school staff is present, reminding visitors of their obligation to check in before proceeding onto campus.

In the spring of 2019, a new irrigation system was added to the athletic field and a new cement pad was poured to provide an outdoor area for ceremonies such as graduation. Further, this locked fencing discourages facility vandalism and property theft outside of school hours by consistently preventing the public from accessing the interior of the campus.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

Independence High School does not have any on-site CTE or ROP courses, but students have the ability to participate in ROP (Regional Occupation Program) courses offered at the district's comprehensive school off-site. The district offers the following ROP programs in which Independence students can participate: Animal Health, Database Design and SQL Programming, Health Careers, Culinary Arts, Law Enforcement, Fire Control Technician, Metal Fabrication, Diesel Engine and Auto Engine. 2020-21 saw our largest participation rate of students in the ROP programs across the district. 14 students participated successfully in ROP.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade Level	Percentage of Students Meeting Four of Six Fitness Standards	Percentage of Students Meeting Five of Six Fitness Standards	Percentage of Students Meeting Six of Six Fitness Standards
Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Students are more successful in school when parents are involved in their child's education. Independence is continually seeking ways to involve parents in the support of their child's education. Increasing the school's capacity for strong parent involvement and connecting parents to pathways of involvement in their children's education are goals of Independence and include: Independence High School hosts a twice yearly Parents on Campus Day, where families will meet with administration, superintendent and will then follow their student's class schedule to see a day in the life of their student at Independence High School School Site Council - School Site Council meets quarterly to review the schools' programs and to evaluate the effectiveness of the School Plan for Student Achievement. School Site Council members are elected from interested parents and staff. Voting takes place early in the year at "Parents on Campus Day". The Independence High School Site Council is an active group of parents who meet on a regular basis to oversee the School Plan for Student Achievement. Their activities include the following: Designing and implementation of the plan Reviewing and analyzing multiple data points Reviewing achievement of school goals Making recommendations for improving student achievement Determining if the dollars spent impact student achievement Reviewing categorical budgets and appropriation Approving the School Plan for Student Achievement Discussing relevant issues and needs impacting the school community Student Enrollment Meeting - Targeted outcomes of these meetings include: Helping parents understand the state academic content standards state assessments, and graduation requirements. Providing materials and training to help parents work together with their child to improve overall academic achievement.

Planning for the future: Post-secondary options and financial aid. Providing Resources and information available through County Mental Health and the Health Department, as well as other local agencies. Involving and informing parents of our school's participation in Title I programs and their options for targeted student support and achievement and extracurricular engagement. Information is sent home each year in the "Annual Notification and Student Handbook" to all families regarding important notifications, access to food services and transportation, and other available services.

In addition to the above, Independence High School faculty and staff have frequent contact with parents and guardians regarding the academic progress and overall well-being of students. The school has a user-friendly website that provides students, parents, and community up-to-date school information at their fingertips. Teachers and staff use Aeries gradebook functions to email parents relevant grades updates on students, and also use the USPS to mail students feedback postcards and other mailers out to families. These are either important updates in which student progress concerns are communicated, or student praises that simply recognize the impact positive feedback can have on a student in building encouragement and learning momentum while strengthening family bonds. A monthly newsletter from the parent, High School Years, is sent out to parents and posted on the school's website. The newsletter features helpful information on how to best support teens in their high school education, while also providing encouragement and tips on how to successfully navigate the challenges that arise when raising teenagers. Parent Square, is the school's automated calling and emailing system, is also utilized to make important announcements and share relevant information, including notifying parents of special events and involvement opportunities, attendance issues and school emergencies.

Independence High School and the local community work well together. The school hosts family-oriented events to celebrate student success throughout the year, including award assemblies, BBQs and breakfasts. Because the parents and families of IHS students are dispersed over a large geographical area, the school has become the common thread that brings the community together.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.29	0.04	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Independence High School campus has one district director, one full time site administrator, one part time (80%) counselor, one campus monitor, a full time School Resource Officer from the El Dorado County Sheriff's department and a part-time on-site probation officer. The campus is located on the same property as the district office and is less than one mile from the local fire station. All staff have been trained in school safety issues including Crisis Prevention and Intervention, Non-Violent Communication, and First Aid and CPR and Stop the Bleed training. Crisis counseling is available on a daily basis, as well as New Morning individual and group counseling offered twice a week and Sierra Family and Child Services supporting our students with Individual Education Plans. The Independence High School Safety Action Plan and Emergency Operations Plan is reviewed in detail annually as a staff. Staff, students, stakeholders, and the general public can review the plan by contacting the school office. Probation and Sheriff agencies join county school administrators, including the site administrator of Independence High School, in bi-monthly community meetings that allow all stakeholders to stay briefed on School Emergency Response best practices and other school-safety related information. The site administrator reports back and shares relevant information with all staff throughout the year at staff meetings and through email communications.

The school participates in annual fire and lock-down drills to stay familiar with response situations and expectations and develop ways to further improve. All efforts to ensure building safety, cleanliness, and adequacy have been successful. The school is monitored by a state-of-the-art 24-hour video surveillance system. The site administrator, counselor, and director have access to this campus surveillance system to support the diminishment of obstacles and interruptions in the educational process, as well as address safety concerns as they arise. The school is enclosed in high-quality wrought iron security fencing, ensuring that outside intruders cannot gain easy access to the interior of the campus, while also enforcing the school's policy that all visitors must check in through the office.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

El Dorado High School provides ample opportunities and support to ensure student success. During the scope of the school year, El Dorado High School has several specifically designed support classes provided to students to address challenges in learning and helping students succeed.

El Dorado High School currently funds six classes with Title 1 Funds: Spanish Heritage, Reading Improvement, English Language Development, Freshman and Sophomore Link Classes, along with an additional class to support credit recovery. There are also two coordination periods paid for out of Title 1 funds that are dedicated to tracking data and supporting students, teachers, and programs. The classes that are funded with Title 1 funds are designed to give our low socioeconomic and second language students smaller classes to provide our students the skills and knowledge that will allow them the opportunity to experience success in higher level courses. El Dorado High School currently is funding one full time instructional specialist with Title 1 funds to support the growing EL population.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
