2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Oak Ridge High School, in El Dorado Hills, is located in the picturesque, mountain foothills of the Sierras. It serves as one of four comprehensive high schools educating students grades 9-12 as part of the El Dorado Union High School District. A total of 105 certificated staff members serve roughly 2513 students. Opened in 1980, Oak Ridge High School (ORHS) is the third oldest high school in the district with many proud traditions. The students at ORHS live and attend school in a safe, well-educated community.

Oak Ridge High School holds high academic expectations of its students and is committed to providing an environment in which every student has the opportunity to experience success. The school offers a curriculum designed to meet the needs of all students, as well as learning opportunities for enrichment beyond the classroom. ORHS offers both advanced and advanced placement classes that prepare students for university-level work. The Career Technical Education program includes a \$2.5 million state-of-the-art Manufacturing Engineering lab, Computer Science labs, and an industry level Foods/Culinary lab.

School Goals

1. Teachers will implement and refine instructional strategies in order to provide in-class interventions for underperforming students in order to close the achievement gap.
2. The school will improve the social-emotional health of their students as indicated in the California Healthy Kids Survey.
3. Staff will continue to expand the use of technology to enhance student learning.
4. Staff and administration will continue to make schoolwide decisions based on data to support the achievement of all students.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	101
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	1
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	0
Unknown	0
Total Teaching Positions	102

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2019-20 Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

School Facility Conditions and Planned Improvements

Oak Ridge High School resides on a 52-acre site with approximately 93 classrooms, 5 conference rooms, a theater, wellness center, a library and lecture hall, as well as athletic facilities including a synthetic field and track, large and small gyms, wrestling room, weight room, and multipurpose room. Over the summer of 2019, Oak Ridge High School completed a new 1500 sq. ft. Culinary building. In 2020 we completed the installation of solar panels to increase energy efficiency.

Oak Ridge High School's dedicated maintenance department benefits the community by ensuring a safe, reliable, and supportive learning environment. Oak Ridge High School facilities and grounds are maintained on a rotating schedule to ensure that all areas are in working order and suitable for school and public use. In addition to regular daily maintenance, heating and air units are checked regularly, storm drains are monitored and grounds are kept covered in accordance with NOA specifications. During student breaks, inspections including Fire, El Dorado Irrigation, and all preventative maintenance duties including deep cleaning of classrooms, as well as specialized teacher requests including classroom upgrades are scheduled and completed.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

2020-21 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment. The CDE will populate this table for schools in cases where the school administered the CAASPP assessment. In cases where the school administered a local assessment instead of CAASPP, the CDE will populate this table with "NT" values, meaning this school did not test students using the CAASPP. See the local assessment(s) table for more information.

2020-21 Career Technical Education Programs

Oak Ridge High School has a robust Career Technology Education (CTE) program designed to prepare students to successfully meet the ever changing nature of today's technical workplace and the need to fill high demand jobs with highly skilled applicants. In addition, the CTE program prepares students to successfully achieve their collegiate goals. ORHS has a number of courses and pathways that provide its students with CTE opportunities. Oak Ridge students have access to all 11 CTE pathways offered in our district. However, on campus we offer Digital Imaging, Engineering and Manufacturing, Computer Science and Culinary courses.

Oak Ridge High School offers Engineering Design and Manufacturing pathways, as well as a Computer Science pathway. The Engineering Design and Manufacturing and Technology pathways include classes such as Introduction to Manufacturing and Engineering, Manufacturing and Engineering Technology, Advanced Manufacturing and Engineering technology. These courses provide students exposure to a hands-on, industry-specific experience in which they design, manage, and build various projects. ORHS educators within these pathways work directly with industry leaders to ensure that students receive the most up-to-date and relevant instruction and experience possible.

Computer Science drives job growth and innovation throughout the world economy and society. More than half of projected jobs in Science Technology Engineering and Math (STEM) fields relate to computing occupations. Computer Science develops students' computational and critical thinking skills and shows them how to create, not simply use, new technologies. Information and Communication Technologies (ICT) have expanded the need for employees who can understand, manage, and support all rapidly emerging, evolving, and converging computer, software, networking, telecommunications, Internet, programming, and information systems. Fundamental knowledge in these areas is needed to prepare students for the 21st century, regardless of their ultimate field of study or occupation. As a result, Oak Ridge offers a Computer Science pathway to provide students this knowledge and experience. Courses in this pathway include Exploring Computer Science (ECS), which is designed to teach the fundamental concepts of computing and also satisfy the El Dorado Union High School District Computer Literacy graduation requirement; AP Computer Science Principles, intended to foster a wider appeal for the computer science discipline; AP Computer Science A as an equivalent to a first-semester, college-level course in computer science, and Database Design/SQL Programming for those students wanting to learn more about database implementation and mobile app development. Oak Ridge High School provides students the opportunity to gain hands-on experience in industry specific classes that fulfill the mission of Career Technological Education. As a result, students who participate in the Career Technological Education program leave Oak Ridge with the skills necessary to achieve their collegiate goals and or obtain regional jobs that are high paying and in high demand. Curriculum and instructional strategies that foster critical thinking, problem solving, and leadership are consistently taught to ensure workplace skills.

Students in grades nine through twelve receive counseling from school personnel regarding career paths and courses of study. Oak Ridge High School's College and Career Center provides a variety of career-related resources to students. Oak Ridge High School counselors expose students to a broad array of career opportunities and facilitate selection of a career path based on individual interests, goals, strengths, and abilities.

All CTE courses are open to all students and provide elective credits. Oak Ridge provides Computer Science, Culinary, Digital Imaging, and Manufacturing and Engineering CTE courses on our campus.

CTE courses offered include:

- Introduction to Manufacturing and Engineering
- Advanced Manufacturing and Engineering Technology
- Manufacturing and Engineering Technology
- Engineering and Design Architecture
- Automotive Technology
- Culinary I
- Culinary II
- Exploring Computer Science
- AP Computer Science Principles
- AP Computer Science A
- Database Design/SQL Programming
- Digital Imaging

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

ORHS enjoys the support of both parent and community organizations. The Athletic Boosters provide financial support for its athletic teams. Other active parent groups include Music and Theater Boosters, and the Oak Ridge High School Foundation. The ORHS Foundation has a long history of supporting capital improvement and academic projects at Oak Ridge. Parents also

2021-22 Opportunities for Parental Involvement

organize community fundraising events and annual year-end activities such as Safe and Sober Grad Night.

Parents have the ability to volunteer for the school's Site Council. The Site Council provides parents an opportunity to be a part of the process for making school goals and allocating aspects of the school budget. Parents also volunteer in a multitude of different ways on our campus. Parents can volunteer to do anything from helping with clerical needs to announcing sporting events.

Oak Ridge has a parent representative on the district ELAC committee to allow students and parents involved in the EL program to become more involved. These parents are asked to provide feedback regarding the EL program and offer suggestions for program improvement. The school also holds open forums for parents to ask questions about the school.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.04	0.00	0.29	0.04	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

Oak Ridge High School takes a comprehensive, proactive approach to school safety. Members of the District Safety Committee meet regularly to discuss potential hazards, safety concerns, and the most current practices to ensure a safe school campus. Oak Ridge utilizes a complete set of emergency plans for crisis situations and has developed an extensive plan for monitoring student safety before, during, and after school. Emergency procedures are practiced by students and staff each semester. These plans include fire, earthquake, evacuation, and lockdown drills, as well as rattlesnake and suicide protocols. Emergency plans are assessed after each drill or false alarm to identify areas of success and remediation.

Oak Ridge High School collaborates regularly with law enforcement and county safety specialists. Oak Ridge officials attend periodic collaborations with law enforcement to ensure compliance with the county standard for school safety. Each year, law enforcement is invited to observe our drills to offer suggestions for improvement. The suggestions made by law enforcement are worked into our plan and drilled by our staff and students. Oak Ridge High School makes every effort to communicate with schools in the county who, unfortunately, have had to enact their emergency plans. The information taken from these meetings are adopted into our safety plan.

Communication is a key component of the Oak Ridge Safety Plan. The El Dorado Union High School district has adopted the Parent Square communication system. This system gives each school the ability to communicate with its entire community instantaneously. The ability to give parents, teachers, and students status updates during an emergency is crucial. Oak Ridge High School holds a minimum of one staff meeting per year committed solely to safety. Emergency plans are disseminated to the staff. Our site also has a safety committee that considers new safety proposals. Oak Ridge continues to utilize the StopIt App where parents, students, and community members are given the opportunity to alert administration to potential safety concerns on campus anonymously. The app has provided useful information and is another step to help make our campus safer. Oak Ridge High School takes every precaution to ensure the total safety of its campus, students, and staff. All appropriate drills are run each semester, and all available collaborations are attended. Each year the Oak Ridge Safety Plan is reviewed and approved by the El Dorado Union High School District School Board.

2018-19 Secondary Average Class Size and Class Size Distribution

This table displays the 2018-19 average class size and class size distribution. The columns titled "Number of Classes" indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

2020-21 Types of Services Funded

Oak Ridge High School has a variety of programs and services in place to support students academic needs. We have services that meet students' individual needs to services that serve larger groups of students.

Oak Ridge High School offers an extensive Advanced Placement (AP) Program that has increased in offerings and enrollment over the years. Advanced Placement courses are those developed by the College Board, which allow high school students to undertake college-level academic learning that prepares them to take the AP examinations. Students may receive credit from many colleges and universities for these classes. Students enrolled in AP courses are strongly encouraged to take the AP exam. Grades for AP classes in grades 10-12 are weighted to reflect the rigorous nature of these courses in accordance with Board Policy and Administrative Regulations.

AP teachers regularly attend AP professional development opportunities and modify their course descriptions and curriculum to meet the needs of the ORHS students and the Advanced Placement program.

Oak Ridge High School offers several programs to meet the unique learning styles and needs of the students it serves. The Independent Study Program (ISP) allows select students to complete certain courses through the APEX online program as approved by the Board of Trustees. The program limits enrollment to students who cannot possibly attend courses on campus on a full-time basis due to medical or other compelling reasons. The ISP program strives to prepare students for graduation and success in post high school pursuits. Students in ISP must meet with their assigned teachers for a minimum of one hour per week. They are assigned between 20-30 hours of schoolwork, which they must complete by their next week's appointment. As a voluntary program, a student's eligibility for continued ISP enrollment is based upon the successful completion of their assigned work.

The El Dorado Union High School Board and the District Office provided each site the funding it needed to run an intersession program. Intersession is a one-week program held at the end of each academic semester. It offers an additional opportunity to demonstrate learning competencies in order to enhance a student's learning and therefore grade. Student's with a grade between 50-59% in core subject areas are given an opportunity following the end of the year to revisit areas of need and to demonstrate at standard learning competencies.

Oak Ridge has a flex time four days a week for 30 minutes each day. This time allows teachers to pull struggling students into a smaller environment to remediate them. Other students utilize the time for advancement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
