## **FOR IMMEDIATE RELEASE**

July 23, 2020 | El Dorado County, CA

### **CIF Announces Plan for Athletics for 2020-21 School Year**

On July 20, 2020, the California Interscholastic Federation (CIF) released their plan for athletics during the 2020-21 school year. Given the current challenges with COVID-19 throughout California, CIF has elected to divide the regular three seasons of competition into two seasons with the first of these seasons beginning in December. The complete CIF Sac-Joaquin Section calendar of athletics by sport is attached to your ParentSquare email communication.

Until December, CIF has noted that schools will continue to remain under summer guidelines. This means that athletic programs may continue to conduct conditioning and practices as aligned to current state, county, and district guidelines. Coaches for individual sports will plan their activities individually. Parents and student athletes are encouraged to watch for updates from individual athletic programs at their school for more information.

As in the past, all athletes will need to complete a physical examination from a licensed physician and complete an athletic packet before participating in school athletic programs. Athletic packets are available at each school site or may be found here: <http://www.eduhsd.k12.ca.us/Student-Services-and-Innovation/Athletics/index.html>

Please reach out to your school site's athletic department for more information.
