2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

El Dorado High School is nestled in the Sierra Foothills and is one of four comprehensive high schools in the El Dorado Union High School District. El Dorado High School is over 100 years old and it is located in the town of Placerville, with approximately 1250 students. El Dorado High School endeavors to provide students the opportunity to become responsible members within the school and greater community. The staff and students adhere to the six Core Values: Respect, Integrity, Responsibility, Kindness, Acceptance, and Spirit. The six Core Values are the focal point of our school culture.

El Dorado High School has a very long tradition of outstanding extracurricular programs: athletics, drama, music, and Speech and Debate. El Dorado High School offers nineteen athletic programs over three sports seasons. The drama program annually earns multiple Elly nominations from the Sacramento Regional Theatre Alliance. The band has also won several field show competitions and has earned an incredible reputation and support within the Placerville community. The Speech and Debate, Academic Decathlon, and other academic clubs and teams have enjoyed great success often sending students to regional or national level competitions.

Educators, staff, parents, and other community members support each student's success. Parents are active members at El Dorado High School. Membership in the Band Booster Club, Athletic Boosters Club, Site Council, and parent volunteers provide El Dorado High School with the support needed to succeed. Parents and community members are also regularly invited to campus for open conversations with the principal and other administrators. El Dorado High School received a six year WASC Accreditation in 2019.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	56
Intern Credential Holders Properly Assigned	0
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	0
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)	1

Total Teaching Positions	0

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

El Dorado High School (EDHS) offers a host of industry related classes, many of which have a Regional Occupation Program (ROP) capstone offering with the opportunity for career certifications. Our CTE offerings include; Automotive Technology, Woodworking and Carpentry, Finish Carpentry, Metals, Exploring Computer Science, and Culinary Arts. In addition EDHS maintains three specialty programs in medical arts, natural resource management and Advancement Via Individual Determination (AVID). The Health Care Academy (HCA) and Natural Resource (NR) programs prepare students for immediate entry into these fields or for ongoing education within these specific fields. Again, both the HCA and NR programs have applicable CTE capstone courses with career related certificates. The Natural Resource program manages a satellite campus of forty acres located in Camino. Students experience project-based learning in CALC 1 and CALC 2 classes which include science experiments and student-designed projects which give them practical experience in fieldwork. The HCA students cap their experiences in field internships to learn about the medical field through hands-on training. EDHS also runs an excellent foods and nutrition program that feeds into the ROP Culinary Arts class that is hosted on the EDHS campus at the Foothill Grill. Many EDHS students have successfully completed this sequence of courses and are currently working in the local food industry. EDHS monitors and measures student performance via marked grade distribution in all courses and certificate completion in those that apply. Many of the students in all of the CTE programs find work in the local area or are prepared for further education or training as a result of their involvement in our CTE programs.. The school and the district have been very successful in writing proposals and receiving considerable support from various foundations and agencies. Recent awards from the California Technical Education Initiative Grant (CTEIG), Perkins Funds, and the CRANE grants have provided the CTE programs close to \$100,000 in funds to replace aging equipment and purchase state of the art equipment that gives our students industry level materials to work with.

2020-21 Career Technical Education (CTE) Participation

2019-2020 Graduates Who Completed All Courses Required for UC/CSU Admission	47.84

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are important partners in the education of the students at El Dorado High School and as such, they are involved and encouraged to participate actively in their students' education. EDHS parents serve on a wide variety of committees and community foundations. These include the School Safety Committee, School Site Council, band, drama and athletic boosters clubs, Hearts and Minds Foundation, Health Academy Advisory Board, AVID, Natural Resource Advisory Board, and the English Learner Advisory Committee (ELAC). In addition, many parents and community members volunteer to assist during academic and extracurricular activities such as Academic Decathlon and field trips.

Each year the school hosts a fall Back to School Night which allows parents to meet teachers and see what the expectations are for the classes. Back to School Night was altered to a virtual event the past two school years due to the COVID-19 Pandemic. In the spring we hold a Showcase Night to introduce courses to the incoming freshmen and preview courses for our current students and parents. In August, we host Freshmen Orientation in August. EDHS offers translation for Spanish speaking families at all of these parent activities. Parents are invited to attend grade level evening meetings hosted annually by the counseling office. These meetings provide valuable information on academic planning as well as an opportunity to meet other parents, counselors, and get questions answered in a friendly forum.

Parents are kept informed of current events and schedule information through the use of the Parent Square system that can share information in both English and Spanish. In addition, the EDHS web page offers extensive information and links to teacher information, homework and grades. Parents of English Learners students and teachers work collaboratively with our bilingual counselor and our bilingual aide who serve as liaisons. Both the bilingual aid and bilingual counselor meet with parents to ensure they are comfortable, informed and involved in the education of their children. The school provides Spanish language sessions for our Spanish speaking families at New Student Orientation, Back to school Night, and our Showcase Night for incoming freshmen and current students.

Another communication tool that El Dorado High School has implemented is the Aeries grade and attendance system and the web application ParentSquare. Parents can access their student(s) grades, assignments and attendance on a regular basis. These student information systems also allow teachers to send out class e-mails to families to keep them informed about class policies and procedures as well as assignments. EDHS administration also uses these tools to keep families informed of

2021-22 Opportunities for Parental Involvement

happenings around campus. In addition to teacher web pages, this system of communication is a vital link between teachers and families.

Returning in January 2022, the principal will bring back Second Cup of Coffee mornings to informally invite parents to discuss all things pertaining to El Dorado High School.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.26	0.00	0.29	0.04	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

El Dorado High School maintains a safe school campus. The Emergency Plan is updated annually and filed with the El Dorado High School District Office and El Dorado County Office of Education. Quarterly District Safety meetings are held which include fire, police, and the Office of Emergency Services. Site Safety meetings are held at least twice a year with several fire drills and lockdowns conducted during the year. The Safety Plan and evacuation routes were discussed and maps were distributed at the September faculty meeting. We have had two fire drills so far this year with a lockdown drill scheduled for early in the spring semester.

To ensure a safe campus, El Dorado has three campus monitors, a Probation Officer and a School Resource Officer from the Placerville Police Department. El Dorado High School administration does monthly reminders of safety issues at our faculty meetings. These ongoing reminders help keep the response plans fresh while providing any new information that is reflected in the school safety plan. We have organized a Crisis Response Team to address anticipated emergencies. The School Safety Committee created a drug-free zone 1,000 feet around the school that authorizes enhanced penalties for drug trafficking in the area.

Within the last couple of years, there has been a national increase in teen anxiety and suicidal ideation, the district and El Dorado High School have been working diligently to create a Suicide Response Manual that will assist the school in responding appropriately to threats, attempts or suicides, El Dorado Union High School District and Sierra Child and Family Services have partnered to host Wellness Centers on each campus as well. The Wellness Center at El Dorado High School is located next to the Counseling Office providing students with multiple levels of support through their four years of high school.

2020-21 Types of Services Funded

El Dorado High School provides ample opportunities and support to ensure student success. During the scope of the school year, El Dorado High School has several specifically designed support classes provided to students to address challenges in learning and helping students succeed.

El Dorado High School currently funds six classes with Title 1 Funds: Spanish Heritage, Reading Improvement, English Language Development, Freshman and Sophomore Link Classes, along with an additional class to support credit recovery. There are also two coordination periods paid for out of Title 1 funds that are dedicated to tracking data and supporting students, teachers, and programs. The classes that are funded with Title 1 funds are designed to give our low socioeconomic and second language students smaller classes to provide our students the skills and knowledge that will allow them the opportunity to experience success in higher level courses. El Dorado High School currently is funding one full time instructional specialist with Title 1 funds to support the growing EL population.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
