## **FOR IMMEDIATE RELEASE**

April 29, 2020 | El Dorado County, CA

### **2020-2021 School Year to Start as Planned**

Dear El Dorado Union High School Community,

I wanted to personally reach out to let you know that our anticipated start of school is still scheduled for August 10, 2020.

Yesterday, Governor Gavin Newsom made comments about a possible earlier start to the 2020-21 school year without knowledge or consent from the California Department of Education and the State Board of Education or any school districts. Our start to the 2020-2021 school year is unchanged. As you know this situation changes rapidly. We will keep everyone updated about any changes or modifications to the upcoming school year, but at this time, we do not anticipate any change in dates.

Sincerely,

Dr. Ron Carruth  
Superintendent  
El Dorado Union High School District  
(530) 622-5081
