FOR IMMEDIATE RELEASE

May 14, 2021 | El Dorado County, CA

Masking Update

We wanted to bring you up to speed on the fast moving guidance on masking from the Centers for Disease Control and Prevention (CDC). All school districts in California are currently required to implement the masking guidelines from the California Department of Public Health and CAL-OSHA. Last night, the CDPH issued this statement “The state is reviewing the new CDC guidance on masking requirements.” Once we receive guidance for schools, we will consider our existing masking procedures based on the new guidance. We did note the CDC did not appear to modify guidance for schools in yesterday’s announcement. Thank you for your patience as we navigate these new and welcome guidelines.
