November 9, 2021 | El Dorado County, CA

El Dorado County Joint Superintendent Letter to the Governor

Dear El Dorado Union High School District Community,

In recent weeks, numerous districts around our County have had large numbers of people speaking to local Boards of Education about the Governor and the California Department of Public Health's management of schools within the COVID-19 era. As a result, all of the superintendents within El Dorado County have written [this letter](#) being sent to the Governor that we would like to share with you.

We are all thankful for the support you provide us in the middle of this very challenging time.

Ron Carruth, Ed.D.
Superintendent
El Dorado Union High School District
